This Year's Catalog
on our 32nd Anniversary
is Dedicated to:

Joe David Ross

This year, we give tribute to Joe David Ross and his love for Angora goats. He grew up on the family ranch in eastern Sutton County with his two sisters, Kathryn Ross Chastant and Betsy Ross Builta. Their grandparents, Joe N. and Kathryn Brown Ross, homesteaded the ranch in 1892 and raised their three children there. Joe David's parents, Joe Brown (Grandy) and Lena Belle Briggs Ross (Grandma), also raised their kids on the ranch through the Great Depression, World War II, and the drought of the 1950s. Those three events helped mold Joe David's and his sisters' characters. Grandy and Grandma instilled in them a love of the ranch, Angora goats, Sonora, and Sutton County.

Grandy encouraged Joe David to get an education that allowed him to be mobile. Following that advice, Joe David enrolled at Texas A&M College in 1953. After his sophomore year, the Vet School accepted him where he was first in his class all four years. Joe David graduated in 1959 and spent his year of residency on the horse farms of Kentucky. In 1960, he returned to Sonora and opened his vet practice. His first clinic was in Grandma's garage. Joe David and several partners grew that practice into one of the largest in the state. In 1973, Joe David sold it to stay closer to his young family and the ranch.

In 1965, Joe David married Frances Koy Childress Ross. Together, they raised their three children, Joe Will, David Lee, and Mary Kathryn Ross Buchholz. Like his parents and grandparents, Joe

David and Frances encouraged their kids to love the land, the ranch, and Angora goats. They remember countless "ings"—shearings, hair gradings, drenchings, markings, and all other sorts of "ings" that come with running Angora goats. Joe David enjoyed grading mohair the most when his kids helped.

Joe David and his sisters, Kathryn Ross Chastant and Betsy Ross Builta.

After Joe David sold his vet practice, he became a visible ambassador for all things related to goats. Of particular note to the national goat industry, Joe David served on the FDA's IR-4 Minor Species committee that approved the first drug for goats--Rumensin. He later devoted time working on various state and national committees dealing with animal identification and scrapies. In addition, Joe David was an officer and past president of the American Angora Goat Breeders' Association and the Mohair Council of America. Serving as an MCA officer allowed Joe David and Frances to travel to many countries promoting Angora goats and mohair. Long after his kids quit showing goats, Joe David judged goat shows of several breeds throughout Texas, the United States, and abroad. At that time, he began wearing his suspenders.

Joe David and Frances are proud of their kids and grandkids. Joe Will practices law in San Angelo representing landowners. David lives at the ranch and works by Joe David's side. The members of the Texas Angora Goat Raisers' Association elected David as a director. David continues Joe David's efforts to improve Angora goats by helping with the Angora goat performance test. Mary is an accomplished Western artist and former 4H coach. Mary and her husband, Bob Buchholz, live outside Eldorado with their three boys, Robert, Dalton, and Franklin. Joe David's grandsons are the fifth generation to register Angora goats.

Joe David treasures his long friendship with Hayden Haby, Jesse Lockhart, and Fred Speck, Jr. That friendship and their similar breeding philosophies led to the formation of the HLRS sale. It also inspired them to import Angora and Boer goats directly from South Africa (via the Warsaw Zoo) in 1993 and 1994.

Joe David refuses to slow down and remains active on the ranch. Last week, he celebrated July 4th by palpating 81 cows with David's and his grandsons' help. He relishes attending goat shows and reminiscing with and about his lifelong Angora goat friends. Joe David has always deflected his accomplishments to those earned by others. Today, however, we honor Joe David Ross.

REFERENCE SIRES

A.B. Hobson & Sons Martysford Stud

76 (1991) - This buck was sired by K131, the twin to the Martysford buck that sold for 110,000 Rand, a world record price. He combined the size, muscle, thickness, and correctness of a superior meat goat with a typical soft South African mohair fleece.

422 (1991) - This buck was Mike Hobson's selection for the partnership. His sire was an outstanding producer for the Hobsons. Phenotypically this buck was well balanced but not flashy. However, he was a "blue blood" stud, he consistently produced quality kids, both straight South African and "cross".

04 (1993) - In 1994 Mike Hobson, Fred Speck, and Hayden Haby returned to South Africa and selected this buck for the second importation. His conformation was near perfect. His offspring have fine fleeces.
