

**THE SIXTEENTH JOINT  
HABY-LOCKHART-ROSS-SPECK  
ANGORA GOAT  
PRODUCTION SALE**

**Saturday, July 19, 2003  
2:00 p.m.**

**KERRVILLE, TEXAS  
Hill Country Youth Exhibit Center**

# **Welcome to the Sixteenth Haby-Lockhart-Ross-Speck Angora Goat Production Sale**

*Conducted by Auctioneer Mark Tillman*

*This year's catalog is dedicated to the John Dittmar Family.*

**John Dittmar** has been active in the Angora goat business for over 50 years. Joe David's earliest memory of John and Mrs. Dittmar was at a TAGRA show held in Fredricksburg when Tony Hobson of South Africa was in attendance. John had a beautiful C-Type doe that really impressed my Dad and Tony. Since then, John's family has won several championships at the TAGRA and Hill Country Shows/Sales. His goats were known for their density with character but especially those consistent, properly spaced round horns. Nobody has ever produced them better! That is John's trademark.

John has slowed down at the shows but his jovial voice and willingness to show us younger ones what he preferred will always be appreciated. "Be sure to look for kemp on the britch – not just down the back or tail." "We want it fine but still enough volume so that you can feel it between your fingers." "Avoid that dry skin back." In the early 90's when we were working on the American rules for AI and embryos John said "We need some new genetics." That gave us with HLRS some encouragement. In the 80's it was an honor to work and learn on the TAGRA sifting committee with Robert Love and John. They were fair and said what they thought. He was the first one to show me how to keep individual goat records including shearing weights.

John and Mary Louise's three children are still helping with the goats. Connie and Lewis Bratton have their own flocks now and are active with the Mohair Council. Johnny keeps up with the Angoras and meat goats. Dolores and Dr. Castleberry at Castorville still do embryo transfers.

Thanks John and Mary Louise. You have made a difference. Keep telling us what you think.

---

Let us all take time again to give thanks for the many pleasant memories of our mohair friends who are no longer with us physically today —

**Chance Armke, Charlie Chaney, Olga Faye Cloudt, Crawford Mitchell, Glen Nichols, Charles Probandt, Lena Belle Ross, Gilbert Schmidt, Dr. Jerry Thomerson and James Wittenburg.**

A special thanks goes to **Robin Zimmerman** who has recently retired as secretary of TAGRA. Thanks also to her husband 'Buck' who has been the man behind the scenes.

## **SHEARING DATES:**

**Ross Ranch - January 23, 2003 unless noted differently in catalog**

**HLRS Bucks - January 23, 2003**

**Speck Ranch - January 20-24, 2003**

**Lockhart Ranch - February 10, 2003**

**Hayden and Doris** do not have any goats in the sale this year, but they are still going strong. Their yellow tag #23 buck at the performance test is outstanding. They also had the high gaining Rambouillet ram at the test this year as well as the top ewe at the breeder's group sale.

**Jess and Sally** are enjoying a slower pace now as Jess has retired as an officer of the Mohair Council for the past six years. We all want to thank you both again for working so hard for all of us in our industry.

---

This year's cover is the award winning work of **Mary Ross Buchholz**.

This year's catalog, as last year's, was skillfully designed with pride and patience by **Donna Eggemeyer and Lisa** of Garden City. *(by Joe David Ross)*

---

**Even though** we four breeders have similar standards and breeding programs, the animals have been raised in different environments, management and kidding dates. Please make note of these differences and make visual comparisons of individual animals from within that specific herd.

**BREEDER'S GUARANTEE** - Should any goat be proven to be a non-breeder its first breeding season, please notify the particular breeder. Common sense and fairness by both the seller and buyer should prevail. If the animal has not been neglected, fed excessively, exposed to a disease after the sale, loaned out or sold to another party, etc., the animal may be returned for replacement after agreement by the seller. **No guarantee can be made as to how the goat will cross with your goats.** The goats should be allowed adequate time to adapt to their new location after transportation.

**TERMS** are cash or check. Should any dispute arise from the taking of bids, the auctioneer's decision will be final.

**HEALTH CERTIFICATES** - Any potential buyer should check in advance with his state's veterinary health requirements and be prepared to make necessary arrangements.

## REFERENCE SIRES

### A.B. HOBSON & SONS MARTYRSFORD STUD

**76** - This buck was sired by K131, the twin to the Martyrsford buck that sold for 110,000 Rand, a world record price. He combines the size, muscle, thickness, and correctness of a superior meat goat with a typical soft South African mohair fleece.

**422** - This buck was Mike Hobson's selection for the partnership. His sire was an outstanding producer for the Hobsons. Phenotypically this buck is well balanced but not flashy. However, he is a "blue blood" stud, he consistently produces quality kids, both straight South African and "cross".

**04** - In 1994 Mike Hobson, Fred Speck, and Hayden Haby returned to South Africa and selected this buck for the second importation. His conformation is near perfect. His offspring have fine fleeces.

**80** - This buck was also selected by Hobson, Speck, and Haby for the second importation. His sire was a Thorn Park buck purchased at the dispersal sale by A.B. Hobson and Brett Wienand. Haby really likes this big, tall long bodied buck.

### JOHN HOBSON THORN PARK ANGORAS

**K590** - This buck is still a legend in South Africa. He had great impact on the South African herd and is credited with improving the fineness of their clip. We purchased a number of his offspring at the Thorn park dispersal sale and were successful in landing four daughters, two granddaughters, and one son in Texas.

**205** - Purchased at the Thorn Park Dispersal Sale, this buck was rated highly by John Hobson. He is a big buck with a fine, uniform fleece, showing beautiful style and character. His kids produce heavy, high yielding, fine, uniform fleeces.

### HABY-LOCKHART-ROSS-SPECK

**HLRS 60**- Out of 80 and a "Lockdale" doe imported from South Africa, this buck combines a long stapled fleece with a very correct body conformation. The yearling does on Laura Speck's 1999 Show Circuit were both out of this buck. His two sons at the Sonora Test (JBR) had the longest staple length in 1999.

**HLRS 106**- Combining a uniform, ringlet fleece with a wide correct body, this buck is also open faced. His sire is 76 and his dam is an imported South African Lockdale doe.

**HLRS 110** - Sired by Hobson 76, this 1997 buck with a stylish moderate lock fleece, was kept because of his powerful body structure and level hip - like his sire.

**HLRS 215** - This 2<sup>nd</sup> generation (1998) buck by Hobson 04 was one of our favorites. He was open faced, well structured with a showy fleece. He died this past year. His dam 96-80 was sired by HLRS 12 (uniform with a 0.0 kemp level).

**HLRS 300** - Until this year's P.T. he was our highest indexing S.A. buck on the performance test. He carried a fine uniform fleece up front on his neck, as you can see from several bucks in this year's sale. Hobson 422 is the sire. The dam, Hobson 91-081 has been one of the top imported producers.

**HLRS 438** - Sired by HLRS 60 (the extra long staple sire) and out of HLRS 98-168 who was sired by HLRS 12. (Thanks Jess for suggesting that several young does be bred to #12). Without a doubt 438 is the finest, most uniform buck that HLRS has raised and he is breeding true, under Fred's evaluations. Notice **Lot 32, HLRS 549**. Also this years yellow tag #52 at the performance test is a consensus eye catcher with his beautiful style and tremendous body.

## **ROSS RANCH SIRES**

**JBR 9759** - Sired by SA 422 and out of JBR 9119, a Ross-Kuebel doe (K - 957). She was the finest haired doe on the ranch and produced several keepers. This medium sized buck is thrifty, open faced, has a straight mohair tail, is uniform and he has correct wide legs with a great spring of ribs.

**JBR 9946** - This open face buck was in the top 10 indexing bucks at the 2000 performance test. He is sired by FLS 1516 that we purchased in 1998. (A son of FLS 607 who was sired by FLS 404). 9946's dam is JBR 9671 who was sired by HLRS 28. She has raised a kid every year. He a very large, alert buck that remains fine haired.

**JBR 9973** - Another 2000 P.T. buck that we bought home to use because of his size and beautiful ringlet style on his neck. He was sired by HLRS 28.

**JBR 2025** - Was the 2<sup>nd</sup> high indexing buck at the 01 performance test. His sire 144 S was purchased for \$2000 from Betty Stewart at the TAGRA sale. The dam was sired by Hobson 76. JBR 2025 is open face, has extra lanolin and above average shearing weight.

**163 P.T.** - (Performance test). This large open faced buck of Flach - Schmidt (GLS) breeding was purchased in 1990 because of his super body and leg structure.

**FLS 2671** - One of FLS 404's last keeper sons. Haby and I liked this buck because of his size, alertness and pedigree including 25% S.A. from Hobson 80 - the large fine haired imported buck.

## **SPECK RANCH SIRES**

**H-584 "Superfine"** - This legendary Haby stud, along with H-787 "Son of Champ", has provided the foundation of our herd. Both bloodlines have produced champions for Speck Angoras at all major shows in 1990 through 1999.

**FLS2-404** - This buck breeds true and has produced super kids. He has excellent conformation with a wide spring of ribs, wide hindquarters, straight back legs, and strong typical horns. he carries a fine, ringlet yearling grade fleece and is uniform from neck to breech. His sire is 4P-210, grand sire is FLS8-43, and great-grand sire is H-787.

**FLS1-249** - This is one of the finest fleeced, most uniform bucks we have. His sire is FLS9-68 and his dam, FLS9-76, is a daughter of "Superfine". In 1994 he was the first place Aged Buck at the Kerrville, San Antonio, and Houston Jr. Stock Shows.

**FLS4-607** - This son of 404 was Mike Hobson's top choice of our stud prospects in 1995. He has a fine uniform ringlet fleece and breeds true. Several of his doe kids were on our show string. Mike was impressed with his wide body conformation.

**FLS4-744** - This buck's sire was a Schmidt buck 3344. His dam was a very fine fleeced daughter of Haby 787. He is an alert, upstanding, uniform fine fleeced buck.

**FLS6-1382** - When Hayden Haby & Jesse Lockhart saw this buck as a yearling, they called him the "perfect buck". He has correct horns, thick body, and a fine ringlet long stapled fleece with kid hair. He is a son of 404 and has already produced many excellent kids. He sired the buck kid that Laura Speck won champion buck with at four major shows in 1999.

**FLS6-1390** - Out of South African 76, this 1/2 TX buck combines size with a fine dense fleece. His dam, FLS4-646 is a stud doe that won champion doe at major shows as a kid, yearling, and aged doe.

### **SPECK RANCH SIRES, con't:**

**FLS7-1593** - Out of HLRS 422, This 1/2 TX buck is long bodied, big, and has a dense ringlet fleece.

**FLS8-1810** - A son of 1382, this buck carries a fine ringlet kid fleece and has produced many excellent kids in his first breeding season. His mother is out of 249 and was on the show circuit. she won the Grand Champion Goat of Show in Kerrville in 1997.

**FLS9-2062** - Out of Hobson 422, this is an open faced, upstanding alert buck with a fine uniform fleece and excellent conformation. His mother is a fine fleeced doe sired by FLS2-404.

**FLS9-2224** - A son of FLS6-1382, this is a show, big, extremely fine-fleeced uniform, ringlet haired buck.

**FLS0-2350** - This is a fine-haired, showy buck, 100% Texan, and is a full brother to FLS8-1810.

**FLS0-2392** - A son of 1810, this uniform-fleeced buck's dam is out of FLS1-249.

**FLS0-2588** - This 100% Texan buck is a grandson of FLS4-607. He is big, long bodied, and showy with a fine fleece.

**FLS0-2593** - This 1810 son is 100% Texas bred and has produced excellent kids. He has a super-fine, ringlet fleece.

**FLS0-2649** - This 75% Texan buck is a grandson of HLRS-422. His sire's bloodline is traced to FLS2-404.

**FLS0-2671** - This is a son of 404 with an excellent conformation. He is wide-bodied, level rumped, walks wide, and is showy with a mohair tail. He produces excellent offspring. He is 75% Texan and carries a fine fleece. We credit his body conformation to both his South African grandfather(Hobson-04 ) and FLS2-404.

### **LOCKHART SIRES**

**DL 2219** - Sired by Speck 2043. One of Diana's show bucks. Dam is half South African of #422 stud. Bloodline goes back to our #277 "Bill" stud.

**Speck 2407** - A very uniform well covered stud with a beautiful fleece ringlet with nice style and character. One of the many fine haired Speck goats.

## YEARLING DOES

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
1	FLS2-3373	FLS7-1593	FLS8-1830	75%TX	_____

This is an extremely well-covered doe with a mohair tail and hair on her ears. She carries a fine, soft, ringlet, long stapled fleece. Her mother is a 404 granddaughter.

2	HLRS-0275	JBR 9759	HLRS 323	50%TX	_____
---	-----------	----------	----------	-------	-------

A fancy doe that balances a fine fleece, breed character, and a #1 body and spring of ribs score. Her mother is well covered, fine haired and uniform. She was sired by FLS 744 and out of a Hobson 04 bred doe. This April kid out of a 2 year old doe expresses our pleasure and progress with the inclusion of our South African genetics. Joe David would like to show her next week at TAGRA. Shorn 02-01-03

3	JBR-0248	JBR 9973	JBR 9922	67%TX	_____
---	----------	----------	----------	-------	-------

A big well covered doe with a good spring of ribs and correct hind legs. She has the right amount of lanolin to go with her fine uniform fleece. The dam was sired by JBR 9620 a son of the fine haired imported 118 W buck, and out of a Ross doe that raised a kid in the pasture 7 straight years. Shorn 2-1-03

4	GL-2621	DL 2219	BL 1606	75%TX	_____
---	---------	---------	---------	-------	-------

This doe's fleece is soft and has a nice handle. Dam goes back to our BL940 stud.

5	FLS2-3118	FLS0-2350	FLS0-2422	100%TX	_____
---	-----------	-----------	-----------	--------	-------

While having a more open face, this doe is well-covered. Her fleece is soft, fine and uniform, with a nice outside appearance. She has a level rump and we consider her a stud doe prospect.

## YEARLING DOES

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
6	JBR-0266	HLRS 215	JBR 9611	25%TX	_____

This well covered doe carries ample lanolin to protect her super fine fleece. There will be no more HLRS 215 kids. She walks true on her hind legs. Her dam was a show doe sired by 118 W

7	DL-2625	DL 2219	GL 1890	50%TX	_____
---	---------	---------	---------	-------	-------

Doe stands up nice. Has a good body and is well covered on her legs. Fleece has a nice handle and feel. Dam is half South African of #36 stud.

8	FLS2-3349	FLSO-2593	FLS5-1001	75%TX	_____
---	-----------	-----------	-----------	-------	-------

We like this thick-bodied, large, well-covered doe. She has a beautiful ringlet fleece that is fine, dense, and uniform. Her thick spring of rib is from her grandfather, HLRS-422. We consider her a potential stud doe.

9	JBR-0288	JBR 9973	JBR 9801	50%TX	_____
---	----------	----------	----------	-------	-------

A fancy good sized doe with a ringlet style neck like her performance tested sire. She has the body to go with it. She has a relative soft ear but a few of those white fibers that can be bred out with the next cross. Her mother is by Hobson 76.

10	FLS2-3174	FLS0-2671	FLS4-600	87.5%TX	_____
----	-----------	-----------	----------	---------	-------

This is a large, well-covered doe with a mohair tail. She has a fine, uniform, ringlet fleece. Her mother is a fine-fleeced doe out of FLS1-249.

## YEARLING DOES

## YEARLING BUCKS

---

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
29	FLS2-3055	FLS4-607	FLS0-2552	87.5%TX	_____

---

A large, robust buck, this son of FLS4-607 has a very dense fleece. FLS4-607 bred extremely well in our herd, and unfortunately he is now dead. The offspring offered in this sale are the last that 607 produced, and we consider this buck to be stud potential.

---

30	JBR-0270	HLRS 215	JBR 9734	25%TX	_____
----	----------	----------	----------	-------	-------

---

He is well covered with a uniform narrow - base fine lock; a full scrotum; a ringlet neck and extra staple length. He walks correctly. The stylish mother is by Hobson 422.

---

31	GL-2616	DL 2219	DL 1670	50%TX	_____
----	---------	---------	---------	-------	-------

---

Uniform and densely fleeced buck. Well covered and stands correct. Dam is 1/2 South African #76 Stud. Dam placed 2nd in Doe Kid class in San Antonio.

---

32	HLRS-549	HLRS 438	HLRS 97-150	100%SA	_____
----	----------	----------	-------------	--------	-------

---

This is the type buck that has crossed well with our Texas does. Note his cover, uniformity from front to rear with softness, style, fineness and extra staple length. He has a facial channel; large testicle, a good spring of ribs and walks wide. The dam is by HLRS 12 who was a very uniform buck with 0.0 kemp.

---

33	FLS2-3079	FLS6-1390	FLS9-2061	75%TX	_____
----	-----------	-----------	-----------	-------	-------

---

This well-balanced buck has a dense fleece that is both extremely uniform and fine. He is showy and we consider him to be stud potential. His grandmother on the sire side was a show doe that won Champion at many major shows.

---

## YEARLING BUCKS

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
34	JBR-0274	HLRS 300	JBR 9803	25%TX	_____

Put it all in a kid bag. He is a stud/show prospect that is well covered with great style and staple length; a perfect pink full scrotum; correct horns; and he walks wide straight behind. The large twin dam is by Hobson 76.

35	GL-2606	Speck 2407	BL 1611	100%TX	_____
----	---------	------------	---------	--------	-------

This large long-bodied buck stands up proud. Well covered and dense with a nice ringlet. Grand sire, BL 940 known for his correct structure.

36	HLRS-592	HLRS 106	HLRS 97-150	100% SA	_____
----	----------	----------	-------------	---------	-------

A soft stylish uniform fleece. We would like to see him wider in his hindquarter but his fleece speaks out. The dam is by the fine haired Hobson 205.

37	FLS2-3059	FLS0-2588	FLS8-1900	100%TX	_____
----	-----------	-----------	-----------	--------	-------

We consider this showy buck to be stud potential. He has a fine, uniform fleece with the kind of lock-style we like. It is a ringlet fleece with density and luster. He has a mohair tail. His mother is a show goat with one of the finest fleeces in our herd. She is the daughter of 1382 and a Pember doe.

38	JBR-0281	HLRS 300	JBR 9659	25%TX	_____
----	----------	----------	----------	-------	-------

Another stud and show prospect displaying size, proper body structure, and breed character with fineness and great uniformity. His large scrotum is indented 1". The dam (a show doe) is by HLRS 28. She has the highest #1 body and hind leg scores of any doe on the ranch.

## YEARLING BUCKS

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
39	FLS2-3297	FLS9-2224	FLS7-1645	75%TX	_____

We like the style and character of this buck's lock; it is long staple with a high degree of luster. He is a long-bodied, fancy buck that we consider to be of stud potential. His mother, out of HLRS-422 and a 404 daughter, always has triplets.

40	JBR-0215	JBR 2025	JBR 9846	67%TX	_____
----	----------	----------	----------	-------	-------

What a powerful body with a wide chest floor, a large scrotum, and wide, straight hind legs! He has extra staple length and is well covered with soft fine #2 uniform fleece. The dam is by HLRS 28 and out of a Ross-Schmidt doe. The doe 9846 is our heaviest shearing with fineness of the '98 kid crop.

41	FLS2-3135	FLS8-1810	FLS7-1503	75%TX	_____
----	-----------	-----------	-----------	-------	-------

We also consider this fancy buck to be of stud potential. He has excellent breed character with a fine, dense, soft fleece. His thick spring of rib can be attributed to his mother, who is out of HLRS-422. We like this stout, upstanding buck.

42	JBR-0282	FLS 2671	JBR 9870	75%TX	_____
----	----------	----------	----------	-------	-------

Stud potential with his pedigree; the right amount of lanolin to protect the fine uniform fiber; a straight full mohair tail; and #1 body, hock and horn scores; an indentation 1". The stylish mother is a granddaughter of HLRS 25 who sired several quality does for us.

43	FLS2-3325	FLS9-2224	FLS4-757	100%TX	_____
----	-----------	-----------	----------	--------	-------

This fancy buck is extremely showy with a fine, dense, ringlet, long stapled fleece. He has the type of fleece that we like.

## YEARLING BUCKS

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
44	JBR-0272	HLRS 300	JBR 9766	63%TX	_____

A fancy medium sized buck that "walks proud" and wide; a straight mohair tail; and a large full scrotum. His mother's breeding goes back to "Mr. Livability". She has a #1 hock, udder and tail score.

45	FLS2-3056	FLS7-1593	FLS9-2215	75%TX	_____
----	-----------	-----------	-----------	-------	-------

This is a showy buck, with a long staple, dense fleece. We like his thick spring of rib.

46	JBR-0252	HLRS 110	JBR 9418	50%TX	_____
----	----------	----------	----------	-------	-------

This is a big stout, open-faced buck that has extra staple length (7" at five months) and a ringlet lock on the neck. He has uniformity of staple and moderate fineness with a stylish free flowing lock. He is the thick bodied money-maker type. His mother's breeding goes back to "Mr. Livability"

47	FLS2-3334	FLS0- 2671	FLS9-2132	75%TX	_____
----	-----------	------------	-----------	-------	-------

This is an upstanding, showy buck with excellent breed character, including a mohair tail. He has a uniform, fine, dense, soft fleece. We like this well-balanced buck, who is a grandson of 404.

48	JBR-0284	FLS 2671	JBR 9858	63%TX	_____
----	----------	----------	----------	-------	-------

Another stud prospect out of the same doe that produced Lot 30 in last year's sale that was purchased by the Earwood family. This buck should breed well on stylish does that need more fleece weight and cover. He has a beautiful straight mohair tail and a large full scrotum. His dam was sired by HLRS 28 and out of a Ross Schmidt GLS doe.

## YEARLING BUCKS

Lot#	GOAT ID	SIRE	DAM	BREED	PRICE
49	FLS2-3357	FLS0-2649	FLS7-1570	87.5%TX	_____

This buck carries a lot of mohair with an excellent lock-style. His fleece is long stapled, dense, soft, and has luster.

---

50	JBR-0278	HLRS 300	JBR 2009	25%TX	_____
----	----------	----------	----------	-------	-------

This quality show & stud prospect has it all. He is a twin from a young twin doe sired by HLRS 60. Her mother was JBR0-108 - the most productive doe on our ranch with a #1 Body score and she raised kids every year until 11 years old. This medium size buck has a full scrotum with a kid fleece and he walks wide behind.

Note: Shorn 2-10-03

---

51	FLS2-3381	FLS0- 2671	FLS5-1075	87.5%TX	_____
----	-----------	------------	-----------	---------	-------

This showy buck has a uniform, dense, fine fleece. He has a mohair tail. His mother is out of FLS-10, who won the Sonora Fleece Show with his long stapled fleece.

---

52	JBR-0242	HLRS 215	JBR 9658	25%TX	_____
----	----------	----------	----------	-------	-------

He is fine with the "right" amount of lanolin and fleece character and a straight mohair tail. A 1" scrotal indentation is present. His 7 year old mother, sired by HLRS 28, is still fine and uniform. Shorn 2-15-03.

---

53	FLS2-3269	FLS0-2593	FLS6-1218	100%TX	_____
----	-----------	-----------	-----------	--------	-------

We really appreciate the uniformity, fineness, and extreme softness of this fleece. This is an upstanding, showy buck.
