Angora Goat Production Sale

**Conducted By Auctioneer  
Mark Tillman**

**WELCOME TO THE 18<sup>th</sup>**  
**HABY-LOCKHART-ROSS-SPECK**  
**ANGORA GOAT PRODUCTION SALE**

*Conducted By Auctioneer Mark Tillman*

This year's catalog is dedicated to the **Earwood Family**, the **Charles Ray Pfluger Family**, and in memory of **Jo Ann Gardner**.

**Armer & Barbara Earwood and Family.** Talk about extended pedigrees! Talk about extended service to our region! Five generations of Earwoods have been intensively involved in the Angora goat and mohair industry. They are still raising, judging and showing champions. G.C. Earwood was a pioneer Sutton County goat breeder. Armer's father and mother—Fred and Mary—are still remembered

as long time leaders in our sheep and goat industry, the Sonora Wool and Mohair Warehouse, and the Sonora community. Mrs. Earwood's family—the Reids—were well known Angora goat breeders from New Mexico.

Armer is still active at the ranch and continues to serve as president of the Sonora "Woolhouse." He has served as president of the Sonora school board, the Episcopal Church board, AAGBA, TSGRA, and as a director of the MCA, the Co-op, and the First National Bank. Barbara was raised in the northeast when the textile industry was booming in the Boston area. Together they have entertained numerous international mohair guests. Barbara has developed quite a reputation and won several awards for her artistic watercolor skills. Many of the paintings illustrate sheep, goats, and the pioneer ranch life. Several can be seen at the Sonora bank.

Armer and Barbara have three children that we all know - Elsie, Melinda and Edward. Allen & Elsie Belk still continue to raise registered goats in Winters. They have continued to support the TAGRA and performance test and have won several high indexing awards. Melinda and her children continue to ranch. She was the one who stepped forward to get the Sonora Woolhouse started with the computer system. Edward and Carolyn have been great supporters of 4-H Club activities. Edward is on the Sonora Woolhouse and MCA boards. Their daughters, Emily and Meredith have shown many champions; but equally impressive are their judging skills and those friendly smiles like their two aunts.

We thank all of you for your commitment to our mohair industry and communities.

**Charles Ray** and **Pat Pfluger** are well known West Texas commercial Angora goat breeders. Talk about success, satisfaction, and service! How many ranchers have raised 130% Angora goat kid crops the last two years in the pastures? Who always for years has received the top prices for their kids and older does? When driving from Sonora to San Angelo, how many ranchers would you see out in leased land spraying hoarhound in the heat of the day—taking care of the land as if it was his own. How many ranchers can you name in our generations who have bought and paid for a working size ranch without any inheritance, oil & gas, or other outside income?

Charles Ray and Pat have worked together as a team to have accomplished so much, but their real pride has been raising and working with their daughters & their children to carry on the family tradition of ranching, teaching, and serving as volunteer community leaders with their husbands—Sharon and Jimmy Holmann; Diane and Scott Jacoby; Claire and John Powell; and Lisa and Lowry Craven.

Charles Ray and Pat have attended many International Mohair, MCA, and TSGRA meetings. Charles has served on the MCA executive committee and as a director of TSGRA. Both have worked several years on the school board at Rocksprings and in their churches wherever they have ranched.

Charles Ray and Pat have been an inspiration to many of us. Jason Bannowsky, “I always try to ask myself ‘What would Charles Ray do in this situation?’” Frank Craddock, “It has always been a great pleasure to go to the Pfluger’s ranch to help select and cull goats in their outstanding commercial herd. Pat is the nicest lady and a great cook! He has developed a top nutrition and breeding program.” Joe Will Ross, “We always appreciated how friendly Fred L. Speck and Charles Ray were to us young folks.” Fred Speck, “He has that unusual combination of traits including hard work, organizational skills, business, and helping others.”

Charles Ray and Pat were raised in Eden and Mernard, but their major adult impact has been in Rocksprings, Sonora, and Eldorado with a ripple effect all across our regional culture and sheep and goat industries.

We will certainly miss **Jo Ann Gardner**, especially those of us who are involved with TAGRA, the MCA, and the performance test. Jo Ann could always be depended upon to take charge of the TAGRA ballot committee. As a member of an organization she would politely pull an officer off to the side to make a suggestion or to ask a pertinent question. She came from a family rich in Angora goat heritage. All of us want to thank Jo Ann’s friends who kept in touch with

her during her prolonged hospitalization—including **Betty Short** and especially **Gary** and **Robin Gardner** who drove to Houston on a regular basis.

HLRS wants to thank our family members who help with the sale and its preparation but also other friends who have been so helpful over the years including **Mac Gilliat, Steve Nelson, Mike Mason, Ed Holland** and **Kent Mills**.

**BREEDER'S GUARANTEE** - Should any goat be proven to be a non-breeder in its first breeding season, please notify the particular breeder. Common sense and fairness by both the seller and buyer should prevail. If the animal has not been neglected, fed excessively, exposed to a disease after the sale, loaned out or sold to another party, etc., the animal may be returned for replacement after agreement by the seller. **No guarantee can be made as to how the goat will cross with your goats.** The goats should be allowed adequate time to adapt to their new location after transportation.

**TERMS** are cash or check. Should any dispute arise from the taking of bids, the auctioneer's decision will be final.

**HEALTH CERTIFICATES** - Any potential buyer should check in advance with his state's veterinary health requirements and be prepared to make necessary arrangements.

## **REFERENCE SIRES**

### **A.B. Hobson & Sons Martyrsford Stud**

**76**- This buck was sired by K131, the twin to the Martyrsford buck that sold for 110,000 Rand—a world record price. He combines the size, muscle, thickness, and correctness of a superior meat goat with a typical soft South African mohair fleece.

**422** - This buck was Mike Hobson's selection for the partnership. His sire was an outstanding producer for the Hobsons. Phenotypically this buck is well balanced but not flashy. However, he is a "blue blood" stud, he consistently produces quality kids, both straight South African and "cross."

**04** - In 1994 Mike Hobson, Fred Speck, and Hayden Haby returned to South Africa and selected this buck for the second importation. His conformation is near perfect. His offspring have fine fleeces.

**80** - This buck was also selected by Hobson, Speck, and Haby for the second importation. His sire was a Thorn Park buck purchased at the dispersal sale by A.B. Hobson and Brett Wienand. Haby really likes this big, tall long bodied buck.

### Haby Lockhart, Ross, Speck

**HLRS 60** - Out of 80 and a "Lockdale" doe imported from South Africa, this buck combines a long stapled fleece with a very correct body conformation. The yearling does on Laura Speck's 1999 Show Circuit were both out of this buck. His two sons at the Sonora Test had the longest staple length in 1999.

**HLRS 153** - This son of 04 combines an excellent conformation with a fine, uniform fleece. His dam is an imported S.A.Thorn Park doe.

**HLRS 438** - Sired by HLRS 60 (the extra long staple sire) and out of HLRS 98-168 who was sired by HLRS 12. Without a doubt 438 is the finest, most uniform buck that HLRS has raised and he is breeding true. His son, HLRS 606 was at the 2003 Performance Test and has an excellent body and fleece. This year a son, HLRS 644 was at the 2004 Performance Test

**HLRS 300** - This '99 buck is still the highest indexing buck that HLRS has put on the P.T. He had an open channel face cover, long stylish free flowing locks and walked wide. His dam was one of the 2 top producers from our original S.Afr. Imports. She is also the mother of HLRS 153 who was a stud sire. 300 was the sire of the fancy goat that Cerulean Farms bought from Ross in the 2003 sale. We are keeping another son of his this year.

**HLRS 2-569** - A good sized, open faced son of HLRS 300 who has a thick body.

### Ross Ranch Sires & Comments:

**Joe David's Comments:** Obviously the Ross Ranch goats are smaller this year which is primarily due to my poor management and being in self-denial about stomachworms. Being short handed is no excuse. However, the genetic traits that we select for under more range conditions are still there. As you know some of those traits include fine hair, low kemp scores, adequate length on the back and britch, udder structure, thick bodies with straight wide hindlegs, and larger than average scrotums. Their mates have grown and performed well at the P.T this year. The 5 HLRS "400" bucks in this sale were born and raised on the Ross Ranch. The 5 HLRS 100% S.Afr. Bucks with 600-700 numbers were born and raised at Fred and Linda's until 2-05 when they were brought to Sonora.

**JBR 9946** (75% TX) - He was in the top 10 P.T. index in 2000. His offspring have continued to perform well including the highest indexing buck in 2003. He is a big open faced, thick buck with a quality fleece. His sire was FLS 1516 (by FLS 607 by 404). 9946's mother was sired by HLRS 28.

**JBR 0243** (75% TX) - This young definitely open faced sire looks like his sire JBR 9759 who was a son of Hobson 422 and out of a very fine Kuebel-Ross doe. 0243's dam is out of a stylish Flach doe. He walks straight and wide, has a

large full scrotum, and a very dense, long, fine uniform fleece. Our fancy buck at the P.T this year is sired by him.

**BL 2226** (100% TX) - This Lockhart buck was purchased by Clayton Crider in our 2001 sale. His offspring presented in this sale demonstrate his consistent quality genetics. He still has a uniform kid hair fleece, a large full scrotum, an open channel face cover, and he walks wide. He was sired by FLS 1810 and is out of a Lockhart doe that goes back to a line bred doe by their champion fine haired, "Bill" when "little" Ben was showing goats in the 80's. Thanks Clayton, Ben, and Fred.

**FGF 2266** - The Flach's are known for producing big, fine-haired, high yielding goats. We want to thank Freddie and Mary Alice for allowing us to use one of their champions and for their continued support of the performance test.

### **Speck Ranch Sires:**

**H-584 "Superfine"** - This legendary Haby stud, along with H-787 "Son of Champ," has provided the foundation of our herd. Both bloodlines have produced champions for Speck Angoras at all major shows in 1990 through 1999.

**FLS2-404** - This buck bred true and produced super kids. He had excellent conformation with a wide spring of ribs, wide hindquarters, straight back legs, and strong typical horns. He carried a fine, ringlet yearling grade fleece and was uniform from neck to brich. His sire is 4P-210, grand sire is FLS8-43, and great-grand sire is H-787.

**FLS1-249** - This was one of the finest fleeced, most uniform bucks we had. His sire is FLS9-68 and his dam, FLS9-76, is a daughter of "Superfine." In 1994 he was the first place Aged Buck at the Kerrville, San Antonio, and Houston Jr. Stock Shows.

**FLS6-1382** - When Hayden Haby & Jesse Lockhart saw this buck as a yearling, they called him the "perfect buck". He has correct horns, thick body, and a fine ringlet long stapled fleece with kid hair. He is a son of 404 and has produced many excellent kids.

**FLS7-1593** - Out of HLRS 422, this 1/2 TX buck is long bodied, big, and has a dense ringlet fleece.

**FLS8-1810** - A son of 1382, this buck still carries a fine ringlet kid fleece and has produced many excellent kids. He is one of our top producers. His mother is out of 249 and was on the show circuit. She won the Grand Champion Goat of Show in Kerrville in 1997.

**FLS8-1893** - This is a big robust son of 1382 that won Champion Buck as a kid at four major shows in Laura's last year of showing. He has excellent body conformation and a fine uniform fleece.

**FLS9-2224** - A son of FLS6-1382, this is a showy, big, extremely fine fleeced uniform ringlet haired buck.

**FLS0-2350** - This is a fine-haired, showy buck, 100% Texan, and is a full brother to FLS8-1810. He also produces good kids.

**FLS0-2588** - This 100% Texan buck is a grandson of FLS4-607. He is big, long bodied, and showy with a fine fleece.

**FLS0-2593** - This 1810 son is 100% Texas bred and has produced excellent kids. He has a super-fine, ringlet fleece.

**FLS0-2763** - This son of FLS8-1810 is upstanding, robust, and carries a fine fleece. Last year we kept two of his offspring as stud bucks.

**FLS0-2671** - This is a son of 404 with an excellent conformation. He is wide-bodied, level rumped, walks wide, and is showy with a mohair tail. He produces excellent offspring. He is 75% Texan and carries a fine fleece. We credit his body conformation to both his South African grandfather (Hobson-04 ) and FLS2-404.

**FLS2-3047** - A son of FLS0-2671 with a fine fleece. He is 75% Texan. His mother consistently produces good kids.

**FLS2-3074** - This 75% Texan is a son of FLS7-1723 (one of the finest bucks we raised and he was 50% Texan). His mother is out of FLS8-1810. This buck has a beautiful ringlet fleece.

**FLS2-3136** - This showy buck combines a beautiful fleece with an excellent body conformation. He is a son of FLS0-2593. He is 100% Texan.

**FLS2-3206** - This son of FLS8-1810 is 100% Texan and has a very fine fleece.

**FLS2-3214** - This showy buck has a wide spring of rib and a beautiful ringlet fleece. He is 75% Texan out of FLS0-2593.

## YEARLING DOES

Lot#	GOAT ID	SEX	SIRE	DAM	SELLER	BREED	PRICE
------	---------	-----	------	-----	--------	-------	-------

**01 FLS4 3913 Doe** FLS2 3074 FLS1 2870 Speck 75%TX \_\_\_\_\_

This showy doe carries a thick spring of rib and has a long stapled, ringlet fleece.

**02 FLS4 3723 Doe** FLS2 3136 FLS8 2007 Speck 100%TX \_\_\_\_\_

This is a big showy doe with a mohair tail and a thick spring of ribs. She carries a beautiful, soft, ringlet, uniform long stapled fleece. We consider her a stud potential doe. Her mother is a FLS2-404 daughter.

**03 FLS4 3863 Doe** FLS0 2588 FLS2 3159 Speck 87.5%TX \_\_\_\_\_

She carries a very soft, fine, ringlet fleece and is showy with a mohair tail. Her mother is an outstanding doe out of FLS0-2350.

**04 FLS4 3832 Doe** FLS0 2350 FLS9 2299 Speck 75%TX \_\_\_\_\_

Big and showy with a mohair tail, she has lots of hair that is dense with long staple. Her mother is out of SA422.

**05 FLS4 3813 Doe** FLS8 1810 FLS7 1560 Speck 75%TX \_\_\_\_\_

Her mother was on our show string and has produced some excellent keeper does. This doe is showy with a mohair tail. Her fleece is dense and fine with beautiful ringlets on her neck.

**06 FLS4 3942 Doe** FLS2 3206 FLS0 2549 Speck 93.7%TX \_\_\_\_\_

Don't let the outside appearance of her fleece fool you. This doe has great genetics and a beautiful ringlet, very long stapled fleece. She is long bodied and injured one horn as a kid.

**07 FLS4 3738 Doe** FLS0 2350 FLS6 1349 Speck 100%TX \_\_\_\_\_

This showy does has a dense, soft fleece. Her mother has produced several keeper does for us.

**08 FLS4 3721 Doe** FLS1 2763 FLS5 863 Speck 100%TX \_\_\_\_\_

This doe has a beautiful fleece with a soft feel. It carries 1+ grease and has a very long staple. Her mother is a grand-daughter of both Superfine and Haby-787.

## YEARLING DOES & YEARLING BUCKS

Lot#	GOAT ID	SEX	SIRE	DAM	SELLER	BREED	PRICE
------	---------	-----	------	-----	--------	-------	-------

<b>19</b>	<b>FLS4 3716</b>	<b>Doe</b>	FLS9 2224	FLS4 668	Speck	100%TX	_____
-----------	------------------	------------	-----------	----------	-------	--------	-------

This open faced doe has very long staple length and lots of soft hair.

Her mother is one of our stud does who produced three stud bucks including FLS8-1810.

<b>20</b>	<b>FLS4 3904</b>	<b>Doe</b>	FLS2 3047	FLS1 2722	Speck	87.5%TX	_____
-----------	------------------	------------	-----------	-----------	-------	---------	-------

This doe is a FLS0-404 grand-daughter. She has a soft, very fine, ringlet fleece and a mohair tail.

<b>21</b>	<b>FLS4 3816</b>	<b>Doe</b>	FLS0 2588	FLS0 2471	Speck	100%TX	_____
-----------	------------------	------------	-----------	-----------	-------	--------	-------

Showy with a mohair tail, this doe carries a ringlet, fine, uniform fleece. She is an FLS8-1810 grand-daughter.

<b>22</b>	<b>FLS4 3917</b>	<b>Buck</b>	FLS2 3214	FLS1 2726	Speck	87.5%TX	_____
-----------	------------------	-------------	-----------	-----------	-------	---------	-------

This big robust buck carries a uniform, fine, ringlet fleece. We debated keeping this buck and consider him to be stud potential. His mother is an outstanding doe out of FLS9-2224.

<b>23</b>	<b>JBR 0435</b>	<b>Buck</b>	BL 2226	JBR 9565	Ross	100%TX	_____
-----------	-----------------	-------------	---------	----------	------	--------	-------

All of the kid fleece on this open face buck can go into the same sack of mohair.

We think he has stud potential- body structure with a fine uniform fleece. His older mother still has fine hair, a #1 udder score, a straight mohair tail and has been a regular producer. Her sire was JBR 9258 – one of our top performance tested bucks in 1993.

<b>24</b>	<b>GL4416</b>	<b>Buck</b>	FLS1 2706	Nissen 58	Lockhart	100%TX	_____
-----------	---------------	-------------	-----------	-----------	----------	--------	-------

This buck was shorn late March and had been out in the pasture. Brought up to feed only recently. He has a very fine fleece, ringlet with soft handle. Staple is adequate for not being on full feed the past months. Nice open face. Dam is from our bloodline crossed with Nissen bloodlines of North Carolina.

## YEARLING BUCKS

Lot#	GOAT ID	SEX	SIRE	DAM	SELLER	BREED	PRICE
------	---------	-----	------	-----	--------	-------	-------

**25 FLS4 3705 Buck** FLS8 1810 FLS0 2384 Speck 100%TX \_\_\_\_\_

This showy buck has a dense fine ringlet fleece. We consider him a potential stud and strongly debated keeping him. His full brother was the second high selling buck in the 2003 HLRS sale (\$1900).

**26 JBR 0451 Buck** HLRS 300 JBR 9803 Ross 25%TX \_\_\_\_\_

The dam is by Hobson 76. She is a large open faced doe with a #1 udder score — a regular producer. Several of our top does were bred to HLRS 300.

**27 HLRS 4-714 Buck** HLRS 300 HLRS 2-590 HLRS 100%SA \_\_\_\_\_

Good size with a very fine fancy stylish fleece that you would expect from 438's breeding. Another son of 438, shown by Robert Buchholz, placed 2nd this year at the San Antonio tough yearling class. The dam of 714 is by HLRS 106 (by Hobson 76).

**28 FLS4 3932 Buck** FLS0 2671 FLS1 2877 Speck 87.5%TX \_\_\_\_\_

We thought about keeping this buck and consider him a potential stud. He is showy and upstanding with a uniform, fine fleece. His mother is out of FLS6-1382.

**29 JBR 0452 Buck** JBR 0243 JBR 0132 Ross 75%TX \_\_\_\_\_

Stud buck potential pedigree. Open face, a straight mohair tail, a large full scrotum with a uniform fine dense fleece. The mother was sired by the great FLS 1382. She is out of JBR 9659-the #1 body doe on our ranch — who raised the fancy buck (by HLRS 300) Cerulean farms purchased from us in the 2003 sale.

**30 HLRS 4-718 Buck** HLRS 300 HLRS 98-199 HLRS 100%SA \_\_\_\_\_

Good size with a #1 body score and an easy handling fleece. His mother is by HLRS 106. We are keeping his twin brother who has a fine dense fleece.

**31 FLS4 3710 Buck** FLS8 1810 FLS6 1342 Speck 75%TX \_\_\_\_\_

This son of FLS8-1810 is a big, upstanding long bodied buck with a fine, uniform, ringlet fleece. We consider him to be stud potential. His mother is a show doe out of SA422. He is a triplet.

## YEARLING BUCKS

Lot#	GOAT ID	SEX	SIRE	DAM	SELLER	BREED	PRICE
------	---------	-----	------	-----	--------	-------	-------

<b>32</b>	<b>JBR 0434</b>	<b>Buck</b>	BL 2226	JBR 0002	Ross	75%TX	_____
-----------	-----------------	-------------	---------	----------	------	-------	-------

All kid hair with density and the right amount of lanolin; He is a twin with soft pink ears and a good full scrotum. We would like for his horns to show more symmetry. The large dam is by HLRS 60 whose offspring did well at the performance test.

<b>33</b>	<b>HLRS 4-684</b>	<b>Buck</b>	HLRS 300	HLRS 0-407	HLRS	100%SA	_____
-----------	-------------------	-------------	----------	------------	------	--------	-------

Look at his inside fleece with its narrow base lock. His mother is by HLRS 153 and out of the 93 – 101 nanny of the 2nd imports. This imported doe is also the mother of the stud sires HLRS 60 and HLRS 233.

<b>34</b>	<b>FLS4 3938</b>	<b>Buck</b>	FLS2 3136	FLS2 3069	Speck	87.5%TX	_____
-----------	------------------	-------------	-----------	-----------	-------	---------	-------

This upstanding showy buck has a fine, uniform fleece with a mohair tail.

<b>35</b>	<b>JBR 0453</b>	<b>Buck</b>	FLS	JBR 0047	Ross		_____
-----------	-----------------	-------------	-----	----------	------	--	-------

This buck has a long, uniform narrow base lock; a straight mohair tail; extra lanolin and a good full scrotum. The sire is by \_\_\_\_\_ - a real fine buck. The dam is by HLRS 60 and out of an older Ross-Ruth Espy show doe. Thanks Jimmy & Sharon.

<b>36</b>	<b>HLRS 4-687</b>	<b>Buck</b>	HLRS 153	HLRS 98-175	HLRS	100%SA	_____
-----------	-------------------	-------------	----------	-------------	------	--------	-------

Big, open face, a #1 body with a long stylish lock. His fancy dam is by HLRS 12.

<b>37</b>	<b>FLS4 4020</b>	<b>Buck</b>	FLS2 3074	FLS2 3128	Speck	81.25%TX	_____
-----------	------------------	-------------	-----------	-----------	-------	----------	-------

This is a very showy, upstanding buck with a mohair tail. He has a ringlet fleece that is fine and uniform.

<b>38</b>	<b>JBR 0442</b>	<b>Buck</b>	BL 2226	JBR 0123	Ross	75%TX	_____
-----------	-----------------	-------------	---------	----------	------	-------	-------

Well covered with density and extra staple length. His mother is by the big meaty JBR 9735 and out of a Hobson 76 doe.

<b>39</b>	<b>HLRS 4-698</b>	<b>Buck</b>	HLRS 606	HLRS 2-567	HLRS	100%SA	_____
-----------	-------------------	-------------	----------	------------	------	--------	-------

Another large, thick bodied buck with a beautiful inside fleece. The mother is by HLRS 153.

40	FLS4 3822	Buck	FLS2 3214	FLS9 2061	Speck	87.5%TX	_____
Showy with a mohair tail, he carries 1+ grease in his dense, fine fleece.							
41	JBR 415	Buck	JBR 9946	JBR 9725	Ross	62%TX	_____
His mother was sired by the fine haired S. African Wiesand 118 buck. Her recent scores were udder #1, average kid fleece, hocks #1. This older doe has raised a kid every year but one.							
42	HLRS 0446	Buck	FGF 2266	HLRS 99-254	HLRS	50%TX	_____
Good size with a stylish high yielding fleece and a straight mohair tail to go with a thick body. His mother was sired by HLRS 106 (Hobson 76) and out of a Hobson 422 doe. This dam is well covered and has been a good producer on the Ross Ranch.							
43	FLS4 3764	Buck	FLS9 2224	FLS7 1539	Speck	100%TX	_____
If you are looking to improve the fleeces on your goats, this buck can help. He carries a ringlet, fine, uniform, long stapled, dense fleece. He is a grand-son of FLS1-249 who gave us fine, uniform necks.							
44	JBR 0450	Buck	FGF 2266	JBR 9634	Ross	75%TX	_____
His mother was sired by Hobson 422. She has been a regular producer with #1 body and teat scores; shearing date = 02-22-05.							
45	HLRS 0439	Buck	FGF 2266	HLRS 327	HLRS	50%TX	_____
Good size with a narrow - base lock.							
46	FLS4 3722	Buck	FLS2 3136	FLS8 2007	Speck	100%TX	_____
This thick ribbed buck carries a uniform dense fleece with beautiful luster and long staple length. His sister is a stud potential doe, Lot # 2.							
47	JBR 0445	Buck	BL 2226	JBR 9973	Ross	87%TX	_____
Notice his dense, uniform kid hair fleece. His dam was sired by Stewart 144 and out of a Hobson 04 doe.							

## YEARLING BUCKS

Lot#	GOAT ID	SEX	SIRE	DAM	SELLER	BREED	PRICE
------	---------	-----	------	-----	--------	-------	-------

**48 HLRS 0468 Buck** JBR 0243 HLRS 2-537 HLRS 37%TX \_\_\_\_\_

Please note the length, uniformity, and pounds of "kid" hair on this twin born in May. The fleece carries extra lanolin also. He has a full scrotum-large for his size. The dam is by HLRS 438 (the finest haired buck we have raised out of the imports who is by HLRS 60). She is out of a HLRS 106 doe and was a show doe.

**49 FLS4 3810 Buck** FLS2 3074 FLS7 1480 Speck 87.5%TX \_\_\_\_\_

This upstanding showy buck has a mohair tail and a dense, uniform fleece. He is a FLS2-404 grandson.

**50 JBR 0459 Buck** FGF 2266 JBR 9625 Ross 100%TX \_\_\_\_\_

He is carrying extra lanolin and has a narrow base lock on the inside fleece, but his wide point horns pull him down into the commercial buck type. His mother is a fancy doe by the fine haired Kuebel 1104.

**51 HLRS 0413 Buck** BL 2226 HLRS 1-513 HLRS 50%TX \_\_\_\_\_

Well Covered with a fine, soft, long staple. The dam is a twin sired by HLRS 153 and out of a HLRS 12 doe who has sired two stud bucks for us — HLRS 215 & HLRS 257.

**52 FLS4 3734 Buck** FLS2 3136 FLS6 1316 Speck 75%TX \_\_\_\_\_

This open faced buck has a mohair tail and a soft fine fleece with luster. His mother has produced several keeper does for us.

**53 JBR 0429 Buck** HLRS 300 JBR 9825 Ross 50%TX \_\_\_\_\_

More uniform kid hair to go with a #1 body score and soft pink ears. His dam was sired by the big Betty Stewart 144 buck that was purchased in the 90's. She has an open face, udder #1 and a yearling fleece.

**54 HLRS 0447 Buck** HLRS 2-569 HLRS 97-198 HLRS 100%SA \_\_\_\_\_

He walks wide. His mother is by Hobson 422 and is out of 1 of our top 2 original imported does. The sire is an open face son of HLRS 300 (by 422). 569 is good sized with a #1 body score and a stylish high yielding fleece.
